Sonoma County Chardonnay and Cabernet Sauvignon & Special Edition glasses

One-of-a-kind wooden "mini" rocket on a planet-scape base,  
created by Erik Lindbergh

## LINDBERGH FOUNDATION

The Lindbergh Foundation aims to improve the long-term quality of all life by balancing technological advancements and the preservation of our environment. The Lindbergh Foundation also values individual initiative and accomplishments. That is why our programs are devoted to supporting, honoring, and educating individuals. The Foundation strives to encourage and inspire present and future generations to work toward finding and sustaining a balance between technology and our environment through three major programs:

***Lindbergh Grants*** ~ in amounts up to \$10,580 (the cost of building the *Spirit of St. Louis* in 1927) are given to individuals whose proposed research or education projects will make important contributions to the technology/environment balance. To date, 269 men and women in the U.S. and abroad have received more than \$2.6 million since the Lindbergh Grants program began.

***The Lindbergh Award*** ~ Annually, the Foundation presents its honorary Lindbergh Award to individuals for significant contributions toward balance in their work.

***Educational Programs*** ~ The Foundation sponsors publications and other events centered on the balance theme.

The Lindbergh Foundation is a public 501(c)(3) non-profit organization, based in Minnesota, not far from Lindbergh's boyhood home, and is supported by contributions from individuals, companies, and foundations worldwide. Contributions to the Lindbergh Foundation are tax-deductible. A copy of the Lindbergh Foundation's latest annual report may be obtained on our web site, from the Foundation at 2150 Third Avenue North, Suite 310, Anoka, MN 55303-2200, (763) 576-1596, or from the Office of the Attorney General, Charities Bureau, 102 Broadway, New York, NY 10271.
